The School Aid budget makes appropriations to the state's 539 local school districts, 294 public school academies, and 56 intermediate school districts (ISDs) for operations and certain categorical programs. It also appropriates funds to the Michigan Department of Education (MDE), Center for Educational Performance and Information (CEPI), the Workforce Development Agency, and other entities to implement certain grants and other programs related to K-12 education.

**Sec. 15. State Aid Allocation Adjustments – REVISED**

Executive reduces maximum allowable repayment period for district state aid payment deductions resulting from an audit from 9 years to 4 and eliminates option for state Superintendent to waive repayment under certain circumstances, reversing changes made in FY 2017-18.

House does not concur with either of these changes. Additionally, removes the provision allowing MDE to adjust district payments for prior fiscal years if an audit determines payments were incorrect.

**Sec. 17c. Grant Process Timeline – NEW**

Executive does not include the section.

House adds new section to require MDE to do all of the following for funds appropriated under this article, unless otherwise specified: open grant application or bid process and provide lists of grants and schedules to districts and ISDs and on the MDE website for grants available in the next fiscal year by August 1, close grant application or bid process by October 1, and publish grant or contract awards by November 1. Provides that grants and contracts awarded from funds appropriated under this article are not subject to approval by the state board of education.

**Sec. 18(12). Virtual Course Cost Report – REVISED**

Executive currently requires that districts report cost information for virtual courses provided through Section 21f. Expands to include cyber schools, whose courses are not offered through Sec. 21f.

House concurs with Executive.

**Sec. 19. State and Federal Reporting Requirements – REVISED**

Executive in addition to the graduation report information, requires that districts submit data necessary for state and federal accountability reports, both in November and June. Revises June 30 to the last business day in June. Revises required district appeal process for accountability designations to require MDE to utilize data that was certified as accurate and complete after districts and ISDs have adhered to deadlines, data quality reviews, and correction processes leading to local certification of final student data. Changes to allow districts and ISDs to appeal “any calculation errors used in the preparation of accountability metrics” rather than a designation.

House concurs with Executive.

**Sec. 22m. Technology Regional Data Hubs – REVISED**

Executive maintains current law.

House revises to make participation in technology regional data hubs mandatory by 2020-2021.

**Sec. 23f. Shared-Time Pupil Payments – NEW**

Executive in addition to capping pupils at 5% of a district’s membership and eliminating kindergarten, requires the following to receive funding:

(a) That a district ensure that all individuals that have student contact as part of a course offered under Sec. 166b have not been convicted of sexual misconduct and receive the same criminal history and criminal records checks as employees of the district as required by state statute.

(b) That a district ensure that if a course offered under Sec. 166b has an associated optional experience, it must be offered on a schedule to make it fully available to the majority of pupils in the district in the same grade level or age groups as the pupils participating in the course under Sec. 166b.

(c) That the district provide MDE information necessary to quantify the following:

- (i) A complete listing of all courses in which students reported for membership in the district have been served.
- (ii) Course enrollments by each participant using local coding and the school codes for the exchange of data (SCED).
- (iii) Identification of the course teacher or mentor.
- (iv) Outcomes for each student in each course.

House does not include this section.

## **Major Boilerplate Changes From FY 2017-18**

### **Sec. 25e(7). Pupil Transfer Process – Pupils transferring In and Out of State – DELETED**

Executive revises current requirement that would require CEPI to report on the number of pupils transferring in and out of the state between the count dates in 2018-2019 to instead require the number of pupils transferring in and out of public schools. Deletes requirement that CEPI discuss the benefits and obstacles to developing a pupil enrollment process to count pupils moving in and out of state between count dates.

House deletes all of subsection (7).

### **Sec. 31a. At Risk Program – REVISED**

Executive expands to add an additional purpose for the program: that districts implement with fidelity a multi-tiered system of supports (MTSS). Condenses MTSS components to the following: (a) Team-based leadership; (b) Tiered delivery system; (c) Selection and implementation of instruction, interventions, and supports; (d) Comprehensive screening and assessment system; and (e) Continuous data-based decision making. House does not add MTSS implementation to program goals but does concur MTSS component revisions.

Executive expands to require that districts comply with MCL 380.1280f and use resources to address early literacy for grades K-12 instead of K-3. Adds focus on numeracy for K-12. Requires a district to implement MTSS in grades K-8 instead of 4-8. House maintains K-3 requirements for MCL 380.1280f. Revises to K-12 for literacy, numeracy and MTSS.

Executive requires that for English learners, a district implement culturally and linguistically responsive teaching strategies focused on academic language development aligned with state English language arts (ELA) proficiency standards. House does not include.

Executive revises consequences beginning in FY 2018-19 for districts that are below the statewide average based on the number of economically disadvantaged pupils proficient in either ELA by the end of 3rd grade or math by the end of 8th grade or career and college ready by the end of 11th grade based on statewide assessments given in FY 2017-18. Requires those districts to meet either the statewide average by FY 2020-21 or see an improvement of at least 10 percentage points in the number of economically disadvantaged pupils who are proficient by FY 2020-21. For a district that fails to meet those goals by FY 2020-21, requires it to conduct an evaluation in coordination with MDE and other stakeholders, adopt a school improvement plan based on recommendations from that evaluation, and spend At Risk funds only in accordance with that plan. House maintains current accountability measures for Grade 3 ELA and Career- and College-readiness and adds one for Grade 8 math to reflect its addition to the program purpose in 2017-2018. Revises so that if one of three metrics is not met than 1/3 of funds would have to be redirected for each rather than 1/2 to recognize the inclusion of a third metric.

Executive increases amount that may be used on professional development to 5% and expands to include implementing a coaching model that supports the MTSS framework. House concurs.

Executive increases share of pupil membership that must be economically disadvantaged from 40% to at least 50% for a district that may use funds for schoolwide reform. Requires that the schoolwide reforms also be tier 1 evidence-based high quality academic, behavioral, and social-emotional instruction, and part of a district's MTSS framework. Schoolwide reforms must be guided by district's comprehensive needs assessment and must feature parent and community supports, activities, and services, which may include Pathways to Potential or Communities in Schools programs. House concurs.

### **Sec. 32d. Great Start Readiness Program – REVISED**

Executive maintains current law.

House revises to prohibit the use of The Creative Curriculum in GSRP programs.

### **Sec. 32p. Early Childhood Block Grants – RETAINED**

House maintains current law.

### **Sec. 35a. Early Literacy – REVISED**

Executive requires the State Superintendent to designate people employed or contracted with funds from this section as critical shortage for the purposes of allowing retirees to work without reducing their pensions under the Public School Employees Retirement Act, MCL 38.1361. However, the critical shortage subsection is currently set to expire on July 1, 2018.

House concurs with Executive. Additionally, adds that by November 1, 2018 a district that receives funding under this section shall report the following: school and grades that were served along with services provided and entity providing each service; pupil proficiency and growth data, both in the aggregate and by subgroup for school, grade, pupils identified as having reading deficiencies, and pupils receiving additional instruction time funded under this section. Revises MTSS program components to mirror the revisions in Sec. 31a.

### **Sec. 39. GSRP Per Pupil Allocation Formula – REVISED**

### **Sec. 104c. State Assessments – REVISED**

Executive moves state assessment for science from grades 4 and 7 to 5 and 8. Deletes requirement that MDE approve at least 3 benchmark assessments for district use. Requires MDE to provide guidance to districts on optionally adopting and implementing department-approved benchmark assessments for grades 3 to 7 in ELA and math and to recommend that districts commit to using the same benchmark assessment for no less than 3 years without switching to another benchmark assessment.

House concurs with Executive.

### **Sec. 104d. Computer Adaptive Tests – REVISED**

Executive repealed this section.

House maintains section but adds the following reporting requirements: requires that by December 1, 2018 districts receiving funds report to MDE which tests, tools, and assessments were purchased; and requires that MDE compile that data and report to the Legislature by February 1, 2019.

House maintains current law.

### **Sec. 164h. Collective Bargaining Agreement Penalty – RETAINED**

Executive establishes a penalty in an amount equal to 5% of a district or ISD's total state aid if it enters into a collective bargaining agreement that does any of the following: Establishes racial or religious preferences; Automatically deducts union dues from paychecks; Is in conflict with any state or federal transparency laws; Uses a method of compensation that does not comply with Sec. 380.1250.

House maintains current law.

### **Sec. 166b. Shared-Time Instruction for Nonpublic Pupils – REVISED**

Executive requires that an applicable curricular offering include optional experiences associated with the curricular offering, and that the optional experience must also be available to the district's full-time pupils in the same grade level or age group. Eliminates kindergarten from allowable shared-time instruction. Revises definition for grades 9-12 nonessential courses from courses other than the specific subjects mentioned or those "that fulfill the same requirement credit requirement" to "those that can fill the same credit requirement".

House does not concur with Executive revisions. Instead, revises to replace the requirement that a curricular offering is available to full-time pupils in the minor's grade level or age group in the district with requirement that the district has published the curricular offering in a course catalog provided to full-time pupils in the minor's grade level or age group or the district has published the offering on its publicly available website. Revises definition for grades 1-8 nonessential course to exclude math, science, social studies, or ELA course "required by the district for grade progression" to "that contains substantially all of the grade level model core academic curriculum content standards". Revises definition for grades 9-12 nonessential courses from courses other than the specific subjects mentioned or those "that fulfill the same requirement credit requirement" to those "that are aligned with the same subject area content expectations".

It also would require that each district must designate at least 1 and not more than 2 staff and provide the Attorney General with their contact information at which they can be contacted 24 hours a day, 365 days a year.

**Overview**

The Community Colleges budget supports the 28 public community colleges located throughout the state. Community colleges offer a wide variety of educational programs, including traditional two-year transfer programs, associates' degrees, career and technical education, developmental and remedial education, continuing education, and baccalaureate programs in a limited number of areas. The colleges are supported primarily through a combination of state aid, local property tax revenue, and tuition and fees.

### Overview

The Higher Education budget, contained in Article III of the compiled School Aid Act, provides funding for operational support of the state's 15 public universities, the AgBioResearch and Extension programs operated by Michigan State University, various financial aid programs for students attending public and independent colleges and universities in the state, and several other smaller higher education-related programs.

### Major Budget Changes From FY 2017-18 YTD Appropriations

#### 1. University Operations Funding

Executive increases university operations funding by \$28.6 million School Aid Fund (SAF), a 2.0% increase. The increase is distributed under the performance funding formula, where 50% is allocated based on each university's share of operational funding appropriated in the baseline year of FY 2010-11, while the remaining increase is distributed based on other formula components (weighted completions, research and development spending, and comparison to Carnegie peers). Attainment of performance funding would be conditioned on restraining resident undergraduate tuition and fee increases to 3.8% or \$490 (set at 3.8% or \$475 in the current year). Projected funding increases for individual universities range from 1.5 to 3.1%. Also includes a fund shift of \$120.0 million from GF/GP to SAF.

	FY 2017-18 Year-to-Date (as of 2/7/18)	FY 2018-19 House Change
<b>Gross</b>	<b>\$1,428,345,000</b>	<b>\$14,283,500</b>
Restricted	231,219,500	148,566,800
GF/GP	\$1,197,125,500	(\$134,283,300)

House increases university operations funding by \$14.3 million SAF, a 1.0% increase. The House concurs with the condition that resident undergraduate tuition and fee increases must be restrained to 3.8% or \$490, whichever is greater. The House increases the fund shift of GF/GP to SAF from \$120 million to \$134.3 million. Adds stipulation that operations funding will be reduced by 10% for universities that fail to submit Title IX reports specified in Sec. 274c and Sec. 274d or fail to comply with various Title IX and sexual assault stipulations found in Sec. 265b. Projected funding increases for individual universities range from 0.8% to 1.5%.

#### 2. Michigan Competitive Scholarship

Executive increases funding for Michigan Competitive Scholarships by \$6.0 million in federal Temporary Assistance for Needy Families (TANF) funds. The scholarships are awarded to students with a qualifying ACT/SAT score and demonstrated financial need. The funding is taken from the Tuition Grant Program, due to higher than expected demand in Michigan Competitive Scholarships and lower participation in the Tuition Grant Program. Total funding for Michigan Competitive Scholarships would be \$32.4 million.

	Gross	\$26,361,700	\$6,000,000
Federal	18,361,700		6,000,000
GF/GP	\$8,000,000		\$0

House concurs with the funding increase for Michigan Competitive Scholarships but does not change the Tuition Grant Program funding levels.

<b>3. Michigan Public School Employee Retirement System (MPERS) Rate Cap Costs</b>	<b>Gross</b>	<b>\$6,705,000</b>	<b>(\$1,572,000)</b>
<u>Executive</u> reduces funding by \$1.6 million SAF for the state's share of the universities' unfunded liability to MPERS. The state's share is the difference between the unfunded accrued liability to the system and the employer contribution cap of 25.73% of payroll for the seven universities with MPERS employees (Central, Eastern, Ferris, Lake Superior State, Michigan Tech, Northern, and Western). Total funding for the state share of MPERS would be \$5.1 million SAF. <u>House</u> concurs.	Restricted	6,705,000	(1,572,000)
	GF/GP	\$0	\$0
<b>4. Tuition Incentive Program</b>	<b>Gross</b>	<b>\$58,300,000</b>	<b>\$1,500,000</b>
<u>Executive</u> increases funding for Tuition Incentive Program by \$1.5 million in federal TANF funds, a 2.6% increase, which pays for Medicaid-eligible students' tuition costs for associate's degrees. Total funding for TIP would be \$59.8 million. <u>House</u> concurs.	Federal	58,300,000	1,500,000
	GF/GP	\$0	\$0
<b>5. MSU Extension and AgBioResearch Programs</b>	<b>Gross</b>	<b>\$63,165,700</b>	<b>\$631,600</b>
<u>Executive</u> increases funding for Michigan State's AgBioResearch program by \$678,300 GF/GP and Extension program by \$585,100 GF/GP, a 2.0% increase for both.	GF/GP	\$63,165,700	\$631,600
<u>House</u> increases funding for AgBioResearch by \$339,100 GF/GP and Extension program by \$292,500 GF/GP, a 1.0% increase for both programs.			
<b>6. MPERS Normal Cost Offset</b>	<b>Gross</b>	<b>\$419,000</b>	<b>\$250,000</b>
<u>Executive</u> increases funding by \$250,000 SAF to reimburse universities for the normal cost increase for the second year of a two-year phase in to reduce the assumed rate of return for MPERS from 8% to 7.5%. Total funding for the offset would be \$669,000 SAF. <u>House</u> concurs.	Restricted	419,000	250,000
	GF/GP	\$0	\$0
<b>7. Tuition Grant Program</b>	<b>Gross</b>	<b>\$38,021,500</b>	<b>\$0</b>
<u>Executive</u> decreases funding for the Tuition Grant Program by \$6.0 million in federal TANF funds. The program provides need-based tuition assistance to students at Michigan independent (i.e. private, non-profit) colleges and universities. The \$6.0 million reduction is transferred to Michigan Competitive Scholarships, due to higher than expected demand in Michigan Competitive Scholarships and lower participation in the Tuition Grant Program. Tuition Grant maximum per-student annual award amounts would increase from \$2,000 to \$2,100. Total funding for the Tuition Grant Program would be \$32.0 million.	Federal	31,664,700	0
<u>House</u> maintains current funding levels. Tuition Grant maximum per-student annual award amounts would increase from \$2,000 to \$2,300. Total funding for the Tuition Grant Program would be \$38.0 million.	GF/GP	\$6,356,800	\$0

<u>Executive</u> eliminates \$300,000 GF/GP of one-time funding for the North American Indian Tuition Waiver Program.	GF/GP	\$300,000	\$0
<u>House</u> maintains current funding levels.
